

Out of 6,000 U.S. hospitals, Community Regional ranks among the nation's top for safety net services and is vital to one of California's most underserved regions.

85%

of our reimbursements come from Medicare or Medicaid*

#4 nationally:

highest percentage of Medicaid volume*

#5 nationally:

highest percentage of government reimbursements*

Among facilities with 750+ beds

#8 nationally:

highest number of Medicaid patient days*

What's at stake in Central California

- The only combined burn and Level I Trauma centers
- The only comprehensive stroke center
- Other high-level specialty services not found elsewhere in the region

We proudly serve an area roughly the size of Connecticut, Rhode Island and New Jersey combined.

Home to about
4 million people
